CONSUMER ALERT

Beware of Fraudulent Emails Attempting to Steal Personal Information Using Attorney General Paxton's Signature and Seal

Texas Attorney General Ken Paxton is warning citizens that scammers are sending fraudulent emails using his name, signature, and the Office of the Attorney General ("OAG") Seal to obtain sensitive personal information.

The examples found by the OAG pretend to be from the Social Security Board, fraudulently warning that the person's social security number will be suspended due to being charged with crimes such as drug trafficking, money laundering, theft, and tax evasion. These emails may also tell the recipient to call a toll-free phone number that the scammers will use to steal their personal information.

If you have received a similar letter or email, DO NOT CALL the number or provide any information.

Similar "phishing" scam campaigns have attempted to use Attorney General Paxton's signature and seal, including in [2019](#) and [2022](#).

If you or anyone you know receives an email or any other communication like this, please report the suspected fraud to the Texas Attorney General's Consumer Protection Division by calling toll-free 1-800-621-0508, or by filing an online complaint at

<https://www.texasattorneygeneral.gov/consumer-protection/file-consumer-complaint>.

Need Your Help

A few years ago, the City of Fort Worth went to a common prefix (392) for city phone numbers.

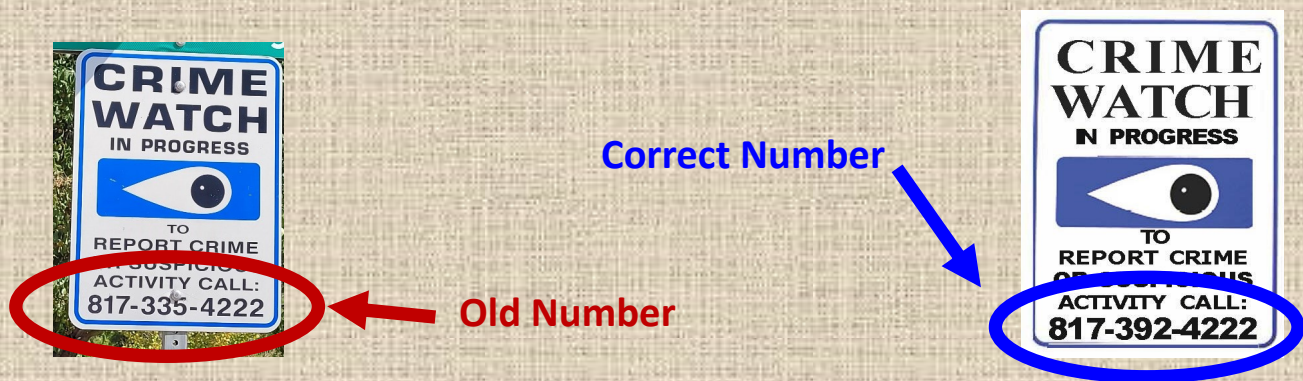

This created a bit of a challenge affecting our Crimewatch Signs. But a remedy was soon in place without needing to remake thousands of signs with the correct prefix.

Our East Division NPOs did an **OUTSTANDING JOB** applying reflective stickers with the correct Non Emergency number.

817-392-4222

However, a few were overlooked. That's where I need your help.

If you notice that a Crimewatch Sign has the old Non Emergency number of 817-335-4222; Please send me an email of the Street Intersection where the sign is located so it can be corrected. If you are not in East Division—send it to me anyway.

Alarm Permits

What you need to know

If you live within the Fort Worth City limits and have a Monitored Home or Business Alarm System, you are required to obtain an Alarm Permit (Chapter 12 Fort Worth city Code)

Permits must be renewed annually. The Planning and Development Department will send out reminder notices, either by email or Postal Mail, about one month prior to the permit expiration date. However, you are responsible for ensuring that you renew your permit.

There are 3 ways you can apply for or renew the Alarm Permit.

- ⇒ In person; City of Fort Worth Planning and Development Department, 1000 Throckmorton
- ⇒ By Mail: You can download an application by going to:
<http://fortworthtexas.gov/planninganddevelopment/permits/alarms/>.
- ⇒ Online: Go to <http://fortworthtexas.gov/planninganddevelopment/permits/alarms/> and select "New Alarm Permits" or "Pay for an existing permit or service fees".

Applying or renewing Online is very easy. For first timers, you will need to register first and establish an account. Once you are registered, you can then apply for the permit.

Before applying for the Alarm Permit, make sure you have your paperwork from your Alarm Service. There is information that will be required for the permit process. Make sure you fully complete the application process, including paying online.

After you complete the application process, you will receive an email that confirms the application has been received. Once it is approved, you will receive your Alarm Permit information. This process is actually pretty quick. Make note of your Alarm Permit number—You will need this when you renew your permit. You can also always access your account and obtain this information.

Permit and Service Fees

Homeowner Permit Fee: \$50.00 initial and Annually
Commercial Permit Fee: \$100.00 initial and Annually
