### Public Relations Office

#### Notes:

- Data is as of June 30, 2025
- Data reflects information made available to the Police Employment Services Section.
- On-loan assignments are included in the count for the reporting locations; not the officer's home location.
- Percentages will not always add to 100% - not rounded up beyond two decimals unless less than 1%.
- Due to Division/Section/Unit re-organization or re-structuring, assignment area names may have changed since the last quarterly report.
- Not all Divisions, Sections, and Units have their own budget, so employees may show reporting differently than physically assigned in order to manage funds more effectively (i.e. a lieutenant who leads a Section may show in the Division data due to budgeted assignment).
- Counts have been added to smaller assignment locations to give context to the percentages.
- "Tested" Ranks refers to Civil Service (Sworn) levels which require advancement through an exam process and eligibility on a promotional list for the higher rank.
