## 2025 RACIAL PROFILING REPORT

A photograph of a Texas state flag, which consists of a blue field with a white star in the upper left corner and a white border. The flag is partially visible, with the rest of the image being a field of bluebonnet flowers. The flowers are a vibrant blue color and are in sharp focus in the foreground, while the flag is slightly out of focus in the background.

*"Dr. Alex del Carmen's work on racial profiling exemplifies the very best of the Sandra Bland Act, named after my daughter. My daughter's pledge to fight for injustice is best represented in the high quality of Dr. del Carmen's reports which include, as required by law, the data analysis, audits, findings and recommendations. I commend the agencies that work with him as it is clear that they have embraced transparency and adherence to the law."*

Fort Worth City Council  
100 Fort Worth Trail  
Fort Worth, TX 76102

Dear Distinguished Members of the City Council,

The Texas Racial Profiling Law, originally enacted by the Texas Legislature in 2001, was designed to address concerns regarding racial profiling practices in law enforcement. Throughout the preceding calendar year, the Fort Worth Police Department, in full compliance with statutory requirements, systematically collected and reported traffic and motor vehicle-related contact data for the express purpose of identifying, evaluating, and addressing any potential concerns regarding racial profiling practices within the department.

Since its initial enactment, the Texas Racial Profiling Law has undergone significant legislative modifications. During the 2009 legislative session, the law was amended to incorporate additional data collection and reporting requirements. Subsequently, in 2017, the Texas Legislature passed two landmark pieces of legislation: House Bill 3051, which standardized racial and ethnic classification categories, and the Sandra Bland Act (Senate Bill 1849), which substantially expanded data collection mandates and analytical requirements. The Sandra Bland Act represents the most comprehensive legislative framework in Texas history pertaining to law enforcement contact data requirements. I am pleased to confirm that the Fort Worth Police Department has satisfied all statutory requirements, and the documentation contained herein demonstrates full compliance with these legislative mandates.

This annual report is organized into distinct sections, each addressing specific components of the compliance framework. Section One contains the table of contents, providing navigational guidance throughout the document. Section Two presents documentation demonstrating the Fort Worth Police Department's compliance with the procedural requirements established under the Texas Racial Profiling Law, including evidence of mandatory training protocols for all sworn personnel on racial profiling prevention, as well as the institutionalization of formal compliment and complaint processes as required by statute.

Section Three contains comprehensive statistical data pertaining to motor vehicle-related contacts, as defined by applicable law, occurring between January 1, 2025, and December 31, 2025. This section includes the Tier 2 reporting form, which must be submitted to the Texas Commission on Law Enforcement (TCOLE) and the local governing authority by March 1 of each calendar year. All data presented in this report was compared against the Fair Roads Standard, a baseline measure derived from U.S. Census Bureau data. The analytical findings and corresponding recommendations are presented in detail within this section.

The final section of this report contains reference materials, including the original text of Senate Bill 1074 (the Texas Racial Profiling Law) and the Sandra Bland Act (current governing law). Additionally, this section includes a comprehensive listing of compliance requirements established by TCOLE. The findings documented in this report substantiate the Fort Worth Police Department's ongoing commitment to full compliance with the Texas Racial Profiling Law and its commitment to constitutional policing practices.

Respectfully submitted,  
Alex del Carmen, Ph.D.  
Criminologist

## Public Education on Responding to Compliments and Complaints

### Informing the Public on the Process of Filing a Compliment or Complaint with the Fort Worth Police Department

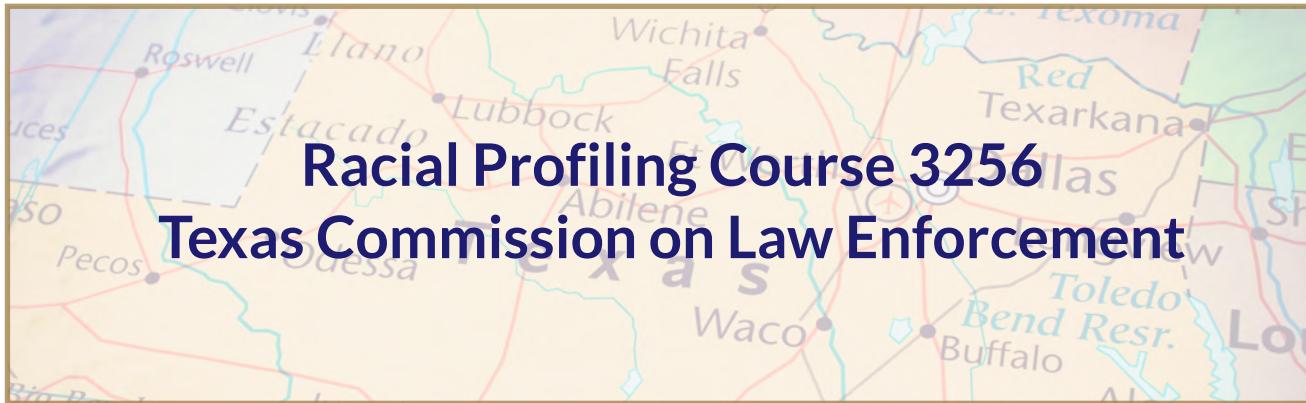

The Texas Racial Profiling Law requires that police agencies provide information to the public regarding the manner in which to file a compliment or racial profiling complaint. In an effort to comply with this particular component, the Fort Worth Police Department launched an educational campaign aimed at informing the public on issues relevant to the racial profiling complaint process.

The police department made available, in the lobby area and on its web site, information relevant to filing a compliment and complaint on a racial profiling violation by a Fort Worth Police Officer. In addition, each time an officer issues a citation, ticket or warning, information on how to file a compliment or complaint is given to the individual cited. This information is in the form of a web address (including in the document issued to the citizen), which has instructions and details specifics related to the compliment or complaint processes.

It is believed that through these efforts, the community has been properly informed of the new policies and the complaint processes relevant to racial profiling.

All Fort Worth Police Officers have been instructed, as specified in the Texas Racial Profiling Law, to adhere to all Texas Commission on Law Enforcement (TCOLE) training and the Law Enforcement Management Institute of Texas (LEMIT) requirements. To date, all sworn officers of the Fort Worth Police Department have completed the TCOLE basic training on racial profiling. The main outline used to train the officers of Fort Worth has been included in this report.

It is important to recognize that the Chief of the Fort Worth Police Department has also met the training requirements, as specified by the Texas Racial Profiling Law, in the completion of the LEMIT program on racial profiling. The satisfactory completion of the racial profiling training by the sworn personnel of the Fort Worth Police Department fulfills the training requirement as specified in the Education Code (96.641) of the Texas Racial Profiling Law.

**2.0 RACIAL PROFILING AND THE COMMUNITY**

**2.1 UNIT GOAL: The student will be able to identify logical and social arguments against racial profiling.**

**2.1.1 LEARNING OBJECTIVE: The student will be able to identify logical and social arguments against racial profiling.**

A. There are appropriate reasons for unusual traffic stops (suspicious behavior, the officer's intuition, MOs, etc.), but police work must stop short of cultural stereotyping and racism.

B. Racial profiling would result in criminal arrests, but only because it would target all members of a race randomly – the minor benefits would be far outweighed by the distrust and anger towards law enforcement by minorities and the public as a whole.

C. Racial profiling is self-fulfilling bad logic: if you believed that minorities committed more crimes, then you might look for more minority criminals, and find them in disproportionate numbers.

D. Inappropriate traffic stops generate suspicion and antagonism towards officers and make future stops more volatile – a racially-based stop today can throw suspicion on tomorrow's legitimate stop.

E. By focusing on race, you would not only be harassing innocent citizens, but overlooking criminals of all races and backgrounds – it is a waste of law enforcement resources.

### **3.0 RACIAL PROFILING VERSUS REASONABLE SUSPICION**

**3.1 UNIT GOAL:** The student will be able to identify the elements of both inappropriate and appropriate traffic stops.

**3.1.1 LEARNING OBJECTIVE:** The student will be able to identify elements of a racially motivated traffic stop.

- A. Most race-based complaints come from vehicle stops, often since race is used as an inappropriate substitute for drug courier profile elements
- B. "DWB" – "Driving While Black" – a nickname for the public perception that a Black person may be stopped solely because of their race (especially with the suspicion that they are a drug courier), often extended to other minority groups or activities as well ("Driving While Brown," "Flying While Black," etc.)
- C. A typical traffic stop resulting from racial profiling
  - 1. The vehicle is stopped on the basis of a minor or contrived traffic violation which is used as a pretext for closer inspection of the vehicle, driver, and passengers
  - 2. The driver and passengers are questioned about things that do not relate to the traffic violation
  - 3. The driver and passengers are ordered out of the vehicle
  - 4. The officers visually check all observable parts of the vehicle
  - 5. The officers proceed on the assumption that drug courier work is involved by detaining the driver and passengers by the roadside
  - 6. The driver is asked to consent to a vehicle search – if the driver refuses, the officers use other procedures (waiting on a canine unit, criminal record checks, license-plate checks, etc.), and intimidate the driver (with the threat of detaining him/her, obtaining a warrant, etc.)

**3.1.2 LEARNING OBJECTIVE: The student will be able to identify elements of a traffic stop which would constitute reasonable suspicion of drug courier activity.**

- A. Drug courier profile (adapted from a profile developed by the DEA)
  - 1. Driver is nervous or anxious beyond the ordinary anxiety and cultural communication styles
  - 2. Signs of long-term driving (driver is unshaven, has empty food containers, etc.)
  - 3. Vehicle is rented
  - 4. Driver is a young male, 20-35
  - 5. No visible luggage, even though driver is traveling
  - 6. Driver was over-reckless or over-cautious in driving and responding to signals
  - 7. Use of air fresheners
  
- B. Drug courier activity indicators by themselves are usually not sufficient to justify a stop

**3.1.3 LEARNING OBJECTIVE: The student will be able to identify elements of a traffic stop which could constitute reasonable suspicion of criminal activity.**

- A. Thinking about the totality of circumstances in a vehicle stop
  
- B. Vehicle exterior
  - 1. Non-standard repainting (esp. on a new vehicle)
  - 2. Signs of hidden cargo (heavy weight in trunk, windows do not roll down, etc.)
  - 3. Unusual license plate suggesting a switch (dirty plate, bugs on back plate, etc.)
  - 4. Unusual circumstances (pulling a camper at night, kids' bikes with no kids, etc.)
  
- C. Pre-stop indicators
  - 1. Not consistent with traffic flow
  - 2. Driver is overly cautious, or driver/passengers repeatedly look at police car
  - 3. Driver begins using a car- or cell-phone when signaled to stop
  - 4. Unusual pull-over behavior (ignores signals, hesitates, pulls onto new street, moves objects in car, etc.)
  
- D. Vehicle interior
  - 1. Rear seat or interior panels have been opened, there are tools or spare tire, etc.
  - 2. Inconsistent items (anti-theft club with a rental, unexpected luggage, etc.)

## Analysis and Interpretation of Data

### Legislative Background and Statutory Framework

In 2001, the Texas Legislature enacted Senate Bill 1074, establishing the Texas Racial Profiling Law. This legislation became effective on January 1, 2002, and required all law enforcement agencies in Texas to collect traffic-related contact data and submit annual reports to their respective local governing authorities by March 1 of each calendar year. The original statutory framework remained substantially unchanged until 2009, when the Texas Legislature passed House Bill 3389, introducing significant amendments to the data collection and reporting requirements.

The 2009 legislative amendments, which took effect on January 1, 2010, expanded the definition of reportable contacts to include all motor vehicle-related encounters resulting in the issuance of a citation or custodial arrest. Additionally, the amended statute required law enforcement officers to document whether they possessed knowledge of the individual's race or ethnicity prior to initiating the detention. The 2009 legislation also mandated the inclusion of "Middle Eastern" as a distinct racial and ethnic classification category and established TCOLE as the central repository for annual data submissions.

In 2017, the Texas Legislature enacted two significant pieces of legislation affecting racial profiling data collection requirements. House Bill 3051 eliminated the Middle Eastern classification category and standardized racial and ethnic designations to align with federal reporting standards. Concurrently, the Sandra Bland Act (Senate Bill 1849) was passed and signed into law, representing the most comprehensive legislative mandate in Texas history regarding law enforcement contact data requirements. The Sandra Bland Act, which became effective on January 1, 2018, not only expanded data collection requirements but also mandated detailed analytical assessments addressing the following statutory elements:

- 1. A comparative analysis of compiled information pursuant to Article 2.133, including:*

  - a. Evaluation and comparison of motor vehicle stops within the applicable jurisdiction between persons recognized as racial or ethnic minorities and persons not recognized as racial or ethnic minorities;*
  - b. Examination of the disposition of motor vehicle stops conducted by agency personnel, categorized according to the race or ethnicity of affected persons, including any searches resulting from stops within the applicable jurisdiction;*
  - c. Evaluation and comparison of searches resulting from motor vehicle stops within the applicable jurisdiction and documentation of whether contraband or other evidence was discovered during the course of such searches.*
- 2. Documentation of all complaints filed with the agency alleging that a peace officer employed by the agency has engaged in racial profiling.*

## **Analytical Methodology and Baseline Considerations**

In accordance with the Texas Racial Profiling Law and Sandra Bland Act requirements, the Fort Worth Police Department commissioned an independent analysis of its 2025 motor vehicle contact data. The analytical framework employed in this study incorporated two distinct methodological approaches. The primary analysis involved a comprehensive evaluation of all motor vehicle-related contact data collected during the 2025 reporting period. This analysis measured, as required by statute, the number and percentage of contacts involving individuals classified as White, Black, Hispanic or Latino, Asian and Pacific Islander, and Alaska Native and American Indian, who encountered law enforcement during motor vehicle-related contacts resulting in the issuance of citations, warnings, or custodial arrests.

The Tier 2 data analysis encompassed multiple variables including, but not limited to: the number and percentage of contacts by race and ethnicity; gender distribution; documented reason for the stop; geographic location of the encounter; search activity including search type classification; outcome of the contact; legal basis for any resulting arrest; and any use of physical force resulting in bodily injury. This comprehensive data collection framework enables a thorough assessment of departmental practices and facilitates identification of any patterns warranting further examination.

The analytical framework employed in this report utilized a comparative methodology that assessed 2025 motor vehicle contact data against an established demographic baseline. It should be noted that considerable scholarly debate exists regarding the appropriate baseline measure for analyzing motor vehicle-related contact data. Among available baseline measures, the Fort Worth Police Department accepted the recommendation to employ the Fair Roads Standard as the primary comparative benchmark. This particular baseline is derived from U.S. Census Bureau data (2020) pertaining to the number of households with vehicle access, controlled for the race and ethnicity of heads of households.

It is important to acknowledge the methodological limitations inherent in utilizing census-derived baseline data for racial profiling analysis. Census data encompasses all residents within a given jurisdiction, regardless of their status within the driving population. Furthermore, census data captures information exclusively pertaining to municipal residents, thereby excluding individuals who may have encountered the Fort Worth Police Department during the reporting period but reside outside jurisdictional boundaries. In certain municipalities, contacts with non-residents constitute a substantial proportion of all motor vehicle-related encounters recorded during any given reporting period.

In 2002, prominent civil rights organizations in Texas advocated for the adoption of the Fair Roads Standard as the preferred baseline measure for all law enforcement agencies conducting racial profiling analyses. These standard compares census data specific to "households" with vehicle access against "contacts," which represent individual-level counts. This methodological approach introduces the potential for ecological fallacy, as household-level data is being compared with individual-level contact data. Notwithstanding these limitations, the Fort Worth Police Department elected to employ this comparison methodology to demonstrate institutional commitment to transparency and community accountability. The Fair Roads Standard data utilized in this analysis is specific to the jurisdiction of Dallas Fort-Worth (DFW) Metroplex.

## **Tier 2 Motor Vehicle-Related Contact Analysis (2025)**

Examination of the enhanced Tier 2 data collected during the 2025 reporting period reveals distinct patterns in motor vehicle-related contacts. The demographic distribution of contacts indicates that the majority of motor vehicle-related encounters involved Hispanic individuals, followed by White individuals. Among all individuals contacted by law enforcement, the greatest number of citations were issued to Hispanic and White individuals, followed by Black individuals. With respect to written warnings, the majority were issued to White individuals, with Hispanic individuals representing the second largest recipient group.

Analysis of search and arrest data reveals that the majority of searches were conducted involving Black individuals. When examining search methodology, the greatest number of consent searches involved Black and Hispanic individuals. The majority of custodial arrests involved Hispanic individuals. Overall, the preponderance of searches did not result in the discovery of contraband. Among searches that yielded contraband, the majority involved Black individuals, followed by Hispanic individuals. Among searches that did not produce contraband, the majority involved Black individuals.

Arrest data indicates that the majority of custodial arrests involved Hispanic individuals. Among arrests originating from alleged violations of the Texas Penal Code, the majority involved Hispanic individuals. With respect to use of force, the department reports two instances where physical force was used resulting in bodily injury during the reporting period.

## **Comparative Analysis**

A comprehensive comparative analysis was conducted examining 2025 motor vehicle contact data against census data pertaining to households within DFW that reported vehicle access in the 2020 Census. This analysis produced the following findings:

The percentage of White, Asian, and American Indian individuals who came into contact with law enforcement was equal to or lower than the percentage of White, Asian, and American Indian households within DFW that reported vehicle access in the most recent census enumeration. Conversely, the data revealed that a higher percentage of Black and Hispanic individuals came into contact with law enforcement compared to the percentage of Black and Hispanic households that reported vehicle access.

The contraband discovery rate analysis reveals that among all searches conducted during the 2025 reporting period, American Indian individuals demonstrated the highest contraband hit rate, followed by White and Hispanic individuals respectively. This indicates that among all searches performed, the highest percentage of searches resulting in contraband discovery involved American Indian individuals. The lowest contraband discovery rate was observed among Asian individuals.

## **Summary of Findings**

As mandated by the current Texas Racial Profiling Law, law enforcement agencies are required to conduct data audits to validate the accuracy and reliability of reported data. In compliance with this requirement, the Fort Worth Police Department engaged Del Carmen Consulting, LLC to perform independent data audits consistent with normative statistical practices and methodological standards. As documented in the accompanying audit report, the validation process confirms that the data submitted is both valid and reliable.

Furthermore, as required by statute, this report includes a comprehensive analysis of search activity, including documentation of whether contraband was discovered as a result of searches while controlling for the race and ethnicity of searched individuals. The search analysis demonstrates that the Fort Worth Police Department is engaging in search practices consistent with prevailing national trends in law enforcement and does not reveal patterns indicative of discriminatory practices.

Based upon the analytical findings presented in this report, the following recommendations are offered to ensure continued compliance and institutional best practices:

1. Continue to collect and evaluate supplementary motor vehicle contact data elements, including but not limited to documented bases for probable cause searches and detailed contraband classification, which may prove valuable in assessing the nature and circumstances of law enforcement contacts with all individuals.
2. Commission an independent analysis of contact and search data during the upcoming reporting period to maintain analytical continuity and identify any emerging trends.
3. Continue to commission periodic data audits to ensure data integrity and verify that collected data is consistent with reported data, thereby maintaining the validity and reliability of all submissions.

## **Conclusion**

The comprehensive data analysis presented in this report serves as documented evidence that the Fort Worth Police Department has achieved full compliance with the Texas Racial Profiling Law and all associated statutory requirements. This report demonstrates that the department has:

- Implemented and maintains a comprehensive racial profiling policy in accordance with statutory requirements;
- Established and publicized procedures for members of the public to file compliments or complaints regarding officer conduct;
- Commissioned periodic data audits to ensure the validity and reliability of all collected and reported data;
- Collected and commissioned independent analysis of all required Tier 2 data elements; and
- Ensured that the practice of racial profiling is expressly prohibited and will not be accepted or tolerated within the organization.

The Fort Worth Police Department remains committed to constitutional policing practices, equitable treatment of all individuals, and continued compliance with all applicable state and federal requirements pertaining to racial profiling prevention and reporting.

# TCOLE GUIDELINES

## Guidelines for Compiling and Reporting Data under Senate Bill 1074

### Background

Senate Bill 1074 of the 77<sup>th</sup> Legislature established requirements in the Texas Code of Criminal Procedure (TCCP) for law enforcement agencies. The Commission developed this document to assist agencies in complying with the statutory requirements.

The guidelines are written in the form of standards using a style developed from accreditation organizations including the Commission on Accreditation for Law Enforcement Agencies (CALEA). The standards provide a description of **what** must be accomplished by an agency but allows wide latitude in determining **how** the agency will achieve compliance with each applicable standard.

Each standard is composed of two parts: the standard statement and the commentary. The *standard statement* is a declarative sentence that places a clear-cut requirement, or multiple requirements, on an agency. The commentary supports the standard statement but is not binding. The commentary can serve as a prompt, as guidance to clarify the intent of the standard, or as an example of one possible way to comply with the standard.

### Standard 1

Each law enforcement agency has a detailed written directive that:

- clearly defines acts that constitute racial profiling;
- strictly prohibits peace officers employed by the agency from engaging in racial profiling;
- implements a process by which an individual may file a complaint with the agency if the individual believes a peace officer employed by the agency has engaged in racial profiling with respect to the individual filing the complaint;
- provides for public education relating to the complaint process;
- requires appropriate corrective action to be taken against a peace officer employed by the agency who, after investigation, is shown to have engaged in racial profiling in violation of the agency's written racial profiling policy; and
- requires the collection of certain types of data for subsequent reporting.

### Commentary

Article 2.131 of the TCCP prohibits officers from engaging in racial profiling, and article 2.132 of the TCCP now requires a written policy that contains the elements listed in this standard. The article also specifically defines a law enforcement agency as it applies to this statute as an “agency of the state, or of a county, municipality, or other political subdivision of the state, that employs peace officers who make traffic stops in the routine performance of the officers’ official duties.”

The article further defines race or ethnicity as being of “a particular descent, including Caucasian, African, Hispanic, Asian, or Native American.” The statute does not limit the required policies to just these ethnic groups.

This written policy is to be adopted and implemented no later than January 1, 2002.

## **Standard 2**

Each peace officer who stops a motor vehicle for an alleged violation of a law or ordinance regulating traffic, or who stops a pedestrian for any suspected offense reports to the employing law enforcement agency information relating to the stop, to include:

- a physical description of each person detained, including gender and the person’s race or ethnicity, as stated by the person, or, if the person does not state a race or ethnicity, as determined by the officer’s best judgment;
- the traffic law or ordinance alleged to have been violated or the suspected offense;
- whether the officer conducted a search as a result of the stop and, if so, whether the person stopped consented to the search;
- whether any contraband was discovered in the course of the search, and the type of contraband discovered;
- whether probable cause to search existed, and the facts supporting the existence of that probable cause;
- whether the officer made an arrest as a result of the stop or the search, including a statement of the offense charged;
- the street address or approximate location of the stop; and
- whether the officer issued a warning or citation as a result of the stop, including a description of the warning or a statement of the violation charged.

## **Commentary**

The information required by 2.133 TCCP is used to complete the agency reporting requirements found in Article 2.134. A peace officer and an agency may be exempted from this requirement under Article 2.135 TCCP Exemption for Agencies Using Video and Audio Equipment. An agency may be exempt from this reporting requirement by applying for the funds from the Department of Public Safety for video and audio equipment and the State does not supply those funds. Section 2.135 (a)(2) states, “the governing body of the county or municipality served by the law enforcement agency, in conjunction with the law enforcement agency, certifies to the Department of Public Safety, not later than the date specified by rule by the department, that the law enforcement agency needs funds or video and audio equipment for the purpose of installing video and audio equipment as described by Subsection (a) (1) (A) and the agency does not receive from the state funds for video and audio equipment sufficient, as determined by the department, for the agency to accomplish that purpose.”

## **Standard 3**

The agency compiles the information collected under 2.132 and 2.133 and analyzes the information identified in 2.133.

## **Commentary**

Senate Bill 1074 from the 77<sup>th</sup> Session of the Texas Legislature created requirements for law enforcement agencies to gather specific information and to report it to each county or municipality served. New sections of law were added to the Code of Criminal Procedure regarding the reporting of traffic and pedestrian stops. Detained is defined as when a person stopped is not free to leave.

Article 2.134 TCCP requires the agency to compile and provide and analysis of the information collected by peace officer employed by the agency. The report is provided to the governing body of the municipality or county no later than March 1 of each year and covers the previous calendar year.

There is data collection and reporting required based on Article 2.132 CCP (tier one) and Article 2.133 CCP (tier two).

The minimum requirements for “tier one” data for traffic stops in which a citation results are:

- 1) the race or ethnicity of individual detained (race and ethnicity as defined by the bill means of “a particular descent, including Caucasian, African, Hispanic, Asian, or Native American”);
- 2) whether a search was conducted, and if there was a search, whether it was a consent search or a probable cause search; and
- 3) whether there was a custody arrest.

The minimum requirements for reporting on “tier two” reports include traffic and pedestrian stops. Tier two data include:

- 1) the detained person’s gender and race or ethnicity;
- 2) the type of law violation suspected, e.g., hazardous traffic, non-hazardous traffic, or other criminal investigation (the Texas Department of Public Safety publishes a categorization of traffic offenses into hazardous or non-hazardous);
- 3) whether a search was conducted, and if so whether it was based on consent or probable cause;
- 4) facts supporting probable cause;
- 5) the type, if any, of contraband that was collected;
- 6) disposition of the stop, e.g., arrest, ticket, warning, or release;
- 7) location of stop; and
- 8) statement of the charge, e.g., felony, misdemeanor, or traffic.

Tier one reports are made to the governing body of each county or municipality served by the agency an annual report of information if the agency is an agency of a county, municipality, or other political subdivision of the state. Tier one and two reports are reported to the county or municipality not later than March 1 for the previous calendar year beginning March 1, 2003. Tier two reports include a comparative analysis between the race and ethnicity of persons detained to see if a differential pattern of treatment can be discerned based on the disposition of stops

including searches resulting from the stops. The reports also include information relating to each complaint filed with the agency alleging that a peace officer employed by the agency has engaged in racial profiling. An agency may be exempt from the tier two reporting requirement by applying for the funds from the Department of Public Safety for video and audio equipment and the State does not supply those funds [See 2.135 (a)(2) TCCP].

Reports should include both raw numbers and percentages for each group. Caution should be exercised in interpreting the data involving percentages because of statistical distortions caused by very small numbers in any particular category, for example, if only one American Indian is stopped and searched, that stop would not provide an accurate comparison with 200 stops among Caucasians with 100 searches. In the first case, a 100% search rate would be skewed data when compared to a 50% rate for Caucasians.

#### **Standard 4**

If a law enforcement agency has video and audio capabilities in motor vehicles regularly used for traffic stops, or audio capabilities on motorcycles regularly used to make traffic stops, the agency:

- adopts standards for reviewing and retaining audio and video documentation; and
- promptly provides a copy of the recording to a peace officer who is the subject of a complaint on written request by the officer.

#### **Commentary**

The agency should have a specific review and retention policy. Article 2.132 TCCP specifically requires that the peace officer be promptly provided with a copy of the audio or video recordings if the officer is the subject of a complaint and the officer makes a written request.

#### **Standard 5**

Agencies that do not currently have video or audio equipment must examine the feasibility of installing such equipment.

#### **Commentary**

None

#### **Standard 6**

Agencies that have video and audio recording capabilities are exempt from the reporting requirements of Article 2.134 TCCP and officers are exempt from the reporting requirements of Article 2.133 TCCP provided that:

- the equipment was in place and used during the proceeding calendar year; and
- video and audio documentation is retained for at least 90 days.

#### **Commentary**

The audio and video equipment and policy must have been in place during the previous calendar year. Audio and video documentation must be kept for at least 90 days or longer if a complaint has been filed. The documentation must be retained until the complaint is resolved. Peace officers are not exempt from the requirements under Article 2.132 TCCP.

## **Standard 7**

Agencies have citation forms or other electronic media that comply with Section 543.202 of the Transportation Code.

### **Commentary**

Senate Bill 1074 changed Section 543.202 of the Transportation Code requiring citations to include:

- race or ethnicity, and
- whether a search of the vehicle was conducted and whether consent for the search was obtained.

# The Texas Law on Racial Profiling

S.B. No. 1074 - An Act relating to the prevention of racial profiling by certain peace officers.  
BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Chapter 2, Code of Criminal Procedure, is amended by adding Articles 2.131 through 2.138 to read as follows:

(2) "Race or ethnicity" means of a particular descent, including Caucasian, African, Hispanic, Asian, or Native American descent.

(b) Each law enforcement agency in this state shall adopt a detailed written policy on racial profiling. The policy must:

(1) clearly define acts constituting racial profiling;

(2) strictly prohibit peace officers employed by the agency from engaging in racial profiling;

(3) implement a process by which an individual may file a complaint with the agency if the individual believes that a peace officer employed by the agency has engaged in racial profiling with respect to the individual;

(c) The data collected as a result of the reporting requirements of this article shall not constitute *prima facie* evidence of racial profiling.

(d) On adoption of a policy under Subsection (b), a law enforcement agency shall examine the feasibility of installing video camera and transmitter-activated equipment in each agency law enforcement motor vehicle regularly used to make traffic stops and transmitter-activated equipment in each agency law enforcement motorcycle regularly used to make traffic stops. If a law enforcement agency installs video or audio equipment as provided by this subsection, the

policy adopted by the agency under Subsection (b) must include standards for reviewing video and audio documentation.

(e) A report required under Subsection (b)(7) may not include identifying information about a peace officer who makes a traffic stop or about an individual who is stopped or arrested by a peace officer. This subsection does not affect the collection of information as required by a policy under Subsection (b)(6).

(1) a physical description of each person detained as a result of the stop, including:

(A) the person's gender; and

(B) the person's race or ethnicity, as stated by the person or, if the person does not state the person's race or ethnicity, as determined by the officer to the best of the officer's ability;

(2) the traffic law or ordinance alleged to have been violated or the suspected offense;

(3) whether the officer conducted a search as a result of the stop and, if so, whether the person detained consented to the search;

(4) whether any contraband was discovered in the course of the search and the type of contraband discovered;

(6) whether the officer made an arrest as a result of the stop or the search, including a statement of the offense charged;

(7) the street address or approximate location of the stop; and

(8) whether the officer issued a warning or a citation as a result of the stop, including a description of the warning or a statement of the violation charged.

Art. 2.134. COMPILED AND ANALYSIS OF INFORMATION COLLECTED.

(a) In this article, "pedestrian stop" means an interaction between a peace officer and an individual who is being detained for the purpose of a criminal investigation in which the individual is not under arrest.

(b) A law enforcement agency shall compile and analyze the information contained in each report received by the agency under Article 2.133. Not later than March 1 of each year, each local law enforcement agency shall submit a report containing the information compiled

during the previous calendar year to the governing body of each county or municipality served by the agency in a manner approved by the agency.

(c) A report required under Subsection (b) must include:

(1) a comparative analysis of the information compiled under Article 2.133 to:

(A) determine the prevalence of racial profiling by peace officers employed by the agency; and  
(B) examine the disposition of traffic and pedestrian stops made by officers employed by the agency, including searches resulting from the stops; and

(2) information relating to each complaint filed with the agency alleging that a peace officer employed by the agency has engaged in racial profiling.

(d) A report required under Subsection (b) may not include identifying information about a peace officer who makes a traffic or pedestrian stop or about an individual who is stopped or arrested by a peace officer. This subsection does not affect the reporting of information required under Article 2.133(b)(1).

(e) The Commission on Law Enforcement Officer Standards and Education shall develop guidelines for compiling and reporting information as required by this article.

(f) The data collected as a result of the reporting requirements of this article shall not constitute *prima facie* evidence of racial profiling.

Art. 2.135. EXEMPTION FOR AGENCIES USING VIDEO AND AUDIO EQUIPMENT. (a) A peace officer is exempt from the reporting requirement under Article 2.133 and a law enforcement agency is exempt from the compilation, analysis, and reporting requirements under Article 2.134 if:

(1) during the calendar year preceding the date that a report under Article 2.134 is required to be submitted:

(A) each law enforcement motor vehicle regularly used by an officer employed by the agency to make traffic and pedestrian stops is equipped with video camera and transmitter-activated equipment and each law enforcement motorcycle regularly used to make traffic and pedestrian stops is equipped with transmitter-activated equipment; and

(B) each traffic and pedestrian stop made by an officer employed by the agency that is capable of being recorded by video and audio or audio equipment, as appropriate, is recorded by using the equipment; or

(2) the governing body of the county or municipality served by the law enforcement agency, in conjunction with the law enforcement agency, certifies to the Department of Public Safety, not later than the date specified by rule by the department, that the law enforcement agency needs funds or video and audio equipment for the purpose of installing video and audio equipment as described by Subsection (a)(1)(A) and the agency does not receive from the state funds or video and audio equipment sufficient, as determined by the department, for the agency to accomplish that purpose.

(b) Except as otherwise provided by this subsection, a law enforcement agency that is exempt from the requirements under Article 2.134 shall retain the video and audio or audio documentation of each traffic and pedestrian stop for at least 90 days after the date of the stop. If a complaint is filed with the law enforcement agency alleging that a peace officer employed by the agency has engaged in racial profiling with respect to a traffic or pedestrian stop, the agency shall retain the video and audio or audio record of the stop until final disposition of the complaint.

(c) This article does not affect the collection or reporting requirements under Article 2.132.

Art. 2.136. LIABILITY. A peace officer is not liable for damages arising from an act relating to the collection or reporting of information as required by Article 2.133 or under a policy adopted under Article 2.132.

Art. 2.137. PROVISION OF FUNDING OR EQUIPMENT.

(a) The Department of Public Safety shall adopt rules for providing funds or video and audio equipment to law enforcement agencies for the purpose of installing video and audio equipment as described by Article 2.135(a)(1)(A), including specifying criteria to prioritize funding or equipment provided to law enforcement agencies. The criteria may include consideration of tax effort, financial hardship, available revenue, and budget surpluses. The criteria must give priority to:

(1) law enforcement agencies that employ peace officers whose primary duty is traffic enforcement;

(2) smaller jurisdictions; and

(3) municipal and county law enforcement agencies.

(b) The Department of Public Safety shall collaborate with an institution of higher education to identify law enforcement agencies that need funds or video and audio equipment for the purpose of installing video and audio equipment as described by Article 2.135(a)(1)(A). The collaboration may include the use of a survey to assist in developing criteria to prioritize funding or equipment provided to law enforcement agencies.

(c) To receive funds or video and audio equipment from the state for the purpose of installing video and audio equipment as described by Article 2.135(a)(1)(A), the governing body of a county or municipality, in conjunction with the law enforcement agency serving the county or municipality, shall certify to the Department of Public Safety that the law enforcement agency needs funds or video and audio equipment for that purpose.

(d) On receipt of funds or video and audio equipment from the state for the purpose of installing video and audio equipment as described by Article 2.135(a)(1)(A), the governing body of a county or municipality, in conjunction with the law enforcement agency serving the county or municipality, shall certify to the Department of Public Safety that the law enforcement agency has installed video and audio equipment as described by Article 2.135(a)(1)(A) and is using the equipment as required by Article 2.135(a)(1).

Art. 2.138. RULES. The Department of Public Safety may adopt rules to implement Articles 2.131-2.137.

SECTION 2. Chapter 3, Code of Criminal Procedure, is amended by adding Article 3.05 to read as follows:

An officer shall complete a program established under this subsection not later than the second anniversary of the date the officer is licensed under this chapter or the date the officer applies for an intermediate proficiency certificate, whichever date is earlier.

SECTION 5. Section 1701.402, Occupations Code, is amended by adding Subsection (d) to read as follows:

(d) As a requirement for an intermediate proficiency certificate, an officer must complete an education and training program on racial profiling established by the commission under Section 1701.253(e).

SECTION 6. Section 543.202, Transportation Code, is amended to read as follows:

Sec. 543.202. FORM OF RECORD. (a) In this section, "race or ethnicity" means of a particular descent, including Caucasian, African, Hispanic, Asian, or Native American descent.

(b) The record must be made on a form or by a data processing method acceptable to the department and must include:

- (1) the name, address, physical description, including race or ethnicity, date of birth, and driver's license number of the person charged;
- (2) the registration number of the vehicle involved;
- (3) whether the vehicle was a commercial motor vehicle as defined by Chapter 522 or was involved in transporting hazardous materials;
- (4) the person's social security number, if the person was operating a commercial motor vehicle or was the holder of a commercial driver's license or commercial driver learner's permit;
- (5) the date and nature of the offense, including whether the offense was a serious traffic violation as defined by Chapter 522;

(6) whether a search of the vehicle was conducted and whether consent for the search was obtained;

- (7) the plea, the judgment, and whether bail was forfeited;
- (8) [7] the date of conviction; and
- (9) [8] the amount of the fine or forfeiture.

SECTION 7. Not later than January 1, 2002, a law enforcement agency shall adopt and implement a policy and begin collecting information under the policy as required by Article 2.132, Code of Criminal Procedure, as added by this Act. A local law enforcement agency shall first submit information to the governing body of each county or municipality served by the agency as required by Article 2.132, Code of Criminal Procedure, as added by this Act, on March 1, 2003. The first submission of information shall consist of information compiled by the agency during the period beginning January 1, 2002, and ending December 31, 2002.

SECTION 8. A local law enforcement agency shall first submit information to the governing body of each county or municipality served by the agency as required by Article 2.134, Code of Criminal Procedure, as added by this Act, on March 1, 2004. The first submission of information shall consist of information compiled by the agency during the period beginning January 1, 2003, and ending December 31, 2003.

SECTION 9. Not later than January 1, 2002:

(1) the Commission on Law Enforcement Officer Standards and Education shall establish an education and training program on racial profiling as required by Subsection (e), Section 1701.253, Occupations Code, as added by this Act; and

(2) the Bill Blackwood Law Enforcement Management Institute of Texas shall establish a program on racial profiling as required by Subsection (j), Section 96.641, Education Code, as added by this Act.

**FORT WORTH  
POLICE DEPARTMENT  
RACIAL PROFILING POLICY**

**347.00 COMMUNITY POLICING STRATEGIES**

**347.02 RACIAL PROFILING** *(Revised 1/8/18)*

The guidelines in this General Order are intended to reaffirm the department's commitment to unbiased policing in all its encounters between an officer and any person; to reinforce procedures that serve to ensure public confidence and mutual trust through the provision of services in a fair and equitable fashion; and to protect officers from unwarranted accusations of misconduct when acting within the dictates of departmental policy and the law. *TBP 2.17*

- A. Officers shall police in a proactive manner and investigate suspected violations of law. Officers shall actively enforce state and federal laws in a responsible and professional manner, without regard to race, ethnicity or national origin. Officers are strictly prohibited from engaging in racial profiling as defined in this order. This order shall be applicable to officer's interactions with all persons, whether drivers, passengers or pedestrians.
- B. Officers shall conduct themselves in a respectful manner at all times when dealing with the public. Two of the fundamental rights guaranteed by both the United States and Texas constitutions are equal protection under the law and freedom from unreasonable searches and seizures by government agents. The right of all persons to be treated equally and to be free from unreasonable searches and seizures must be respected. Racial profiling is an unacceptable patrol tactic and is strictly prohibited. *TBP 2.17*
- C. This order shall not preclude officers from offering assistance, such as upon observing a substance leaking from a vehicle, a flat tire, or someone who appears to be ill, lost or confused. Nor does this order prohibit stopping someone suspected of a crime based upon observed actions and/or information received about the person.
- D. Definitions
  1. Racial Profiling – A law enforcement-initiated action based on an individual's race, ethnicity, or national origin rather than on the individual's behavior or on information identifying the individual as having engaged in criminal activity. *TBP 2.01 and TBP 2.17*
    - a. Racial profiling pertains to persons who are viewed as suspects or potential suspects of criminal behavior. The term is not relevant as it pertains to witnesses, complainants or other citizen contacts.
    - b. The prohibition against racial profiling does not preclude the use of race, ethnicity or national origin as factors in a detention decision. Race, ethnicity or national origin may be legitimate factors in a detention decision when used as part of an actual description of a specific suspect for whom an officer is searching. Detaining an individual and conducting an inquiry into that person's activities simply because of that individual's race, ethnicity or national origin is racial profiling. Examples of racial profiling include but are not limited to the following:
      - (1) Citing a driver who is speeding in a stream of traffic where most other drivers are speeding because of the cited driver's race, ethnicity or national origin.
      - (2) Stopping or detaining the driver of a vehicle based on the determination that a person of that race, ethnicity or national origin is unlikely to own or possess that specific make or model of vehicle.
      - (3) Stopping or detaining an individual based upon the determination that a person of that race, ethnicity or national origin does not belong in a specific part of town or a specific place.

- c. A law enforcement agency can derive these principles from the adoption of this definition of racial profiling:
    - (1) That law enforcement officers may not use racial or ethnic stereotypes as factors in selecting whom to stop and search.
    - (2) Racial profiling is not relevant as it pertains to witnesses, etc.
    - (3) That police may not use racial or ethnic stereotypes as factors in selecting whom to stop and search, while police may consider race in conjunction with other known factors of the suspect.
  - 2. Race or Ethnicity – Of a particular decent, including White, Black, Hispanic or Latino, Asian or Pacific Islander, or Alaska Native or American Indian.
  - 3. Motor Vehicle Stop – A peace officer who stops a motor vehicle for an alleged violation of a law or ordinance regulating traffic.
- E. Training *TBP 2.01*
- 1. Officers are responsible for adhering to all Texas Commission on Law Enforcement (TCOLE) training as mandated by law.
  - 2. All officers shall complete a TCOLE training and education program on racial profiling not later than the second anniversary of the date the officer is licensed under Chapter 1701 of the Texas Occupations Code or the date the officer applies for an intermediate proficiency certificate, whichever date is earlier. A person who on September 1, 2001, held a TCOLE intermediate proficiency certificate, or who had held a peace officer license issued by TCOLE for at least two years, shall complete a TCOLE training and education program on racial profiling not later than September 1, 2003.
  - 3. The Chief of Police, as part of the initial training and continued education for such appointment, will be required to attend the LEMIT program on racial profiling.
  - 4. An individual appointed or elected as a police chief before the effective date of this Act shall complete the program on racial profiling established under Subsection (k), Section 96.641, Education Code.
- F. Complaint Investigation
- 1. The department shall accept complaints from any person who believes he or she has been stopped or searched based on racial, ethnic or national origin profiling. No person shall be discouraged, intimidated or coerced from filing a complaint, nor discriminated against because he or she filed such a complaint.
  - 2. If an officer initiating a stop receives an allegation of racial profiling, the officer shall provide their name and ID number to the individual with information on how to contact Internal Affairs or the officer's supervisor. Any employee contacted shall provide to that person information on the department's process for filing a complaint. All employees will report any allegation of racial profiling to their supervisor before the end of their shift.
    - a. Officers shall provide information, including telephone number, mailing address, and email address for contacting Internal Affairs to any individual who inquires about reporting an incident perceived to be racially motivated, or who wishes to generate a compliment.
    - b. Any supervisor/manager receiving a racial profiling complaint shall notify the Internal Affairs Division in a timely manner of the compliant and the action taken.
    - c. Supervisors shall monitor the adherence to the General Orders by all employees under their command and shall initiate an investigation into all alleged violations established under this General Order.

3. All complaints will be acknowledged in writing to the complainant who will receive information regarding the disposition of such complaint within a reasonable period of time. The investigation shall be reduced to writing and any reviewer's comments or conclusions shall be sent through the chain of command to the Chief of Police or designee. When applicable, findings and/or recommendations for disciplinary action, retraining, or changes in policy shall be part of the recommendation to the Chief of Police or designee.
  4. Allegations of misconduct and disciplinary action shall follow the procedures as outlined in General Order 410.00. Officers shall be subject to disciplinary action up to and including indefinite suspension for engaging in racial profiling.
  5. If there is a departmental video or audio recording of the events upon which a complaint of racial profiling is based, upon commencement of an investigation into the complaint and written request of the officer made the subject of the complaint, this department shall promptly provide a copy of the recording to that officer. *TBP 2.01*
- G. Public Education**
- The police department will inform the public of its guidelines against racial profiling and the compliment and complaint process. Methods that may be utilized to inform the public of the process are news media, radio, service or civic presentations, the Internet, as well as governing board meetings. With respect to each ticket, citation, or warning issued by an officer, the telephone number, mailing address, and email address for Internal Affairs shall be provided either on the warning, ticket, or citation or by other methods directed by the department (i.e. business cards, flyers, stickers, etc). Additionally, information will be made available as appropriate in languages other than English.
- H. Data Collection and Reporting**
1. Data shall be collected on all motor vehicle stops. Information will be collected on the driver only. The officer shall promptly enter all data required by law into the Motor Vehicle Stop Checklist database before the end of the duty shift. The form may be found on the Fort Worth Police internal portal under Racial Profiling.
  2. Any vehicle equipped with video and/or audio capabilities shall retain the video and/or audio documentation in accordance with the division's standard operating procedures. Such documentation shall be retained for at least 180 days after the stop, or until disposition if a complaint has been made.
    - a. If a complaint has been made, the documentation shall be retained by the Internal Affairs Division until final disposition of the complaint, if not longer as required under other laws or policies.
  3. Internal Affairs shall be responsible for compiling the number of racial profiling complaints and forwarding this information to Policy Management at the end of the year.
  4. At the direction of the Chief of Police or designee, additional data may be collected by the department in an effort to monitor enforcement actions and to provide an overview of department compliance with this General Order.
  5. An annual report will be prepared or coordinated by Policy Management based on the data collection and in accordance with TCOLE guidelines and forwarded to the city manager within the prescribed time period for distribution to the City Council. *TBP 2.01*
- I. Use of Video and Audio Equipment**
1. Each traffic stop made by an officer that is capable of being recorded by video and/or audio shall be recorded.
